

# Modern and vintage lenses lens flares pack.

Stop using lens flare plugins because they look fake.  
Add real lens flare and bring your image photoreal !

---

File format: 75 tif files

---

Resolution: 4K

---

Total package size: 796 MB

---

Instant download from [HDRMAPS.com](https://HDRMAPS.com)

## How to use it ?

---

Place one of 75 flare files over your render image and set blend mode to **Screen**

You can add correction layer to flare or change opacity so it fits better to your project. Done.
